Community Needs Assessment 2026

Details

- The Community Needs Assessment was open for responses from June 12, 2026, through October 12, 2026, for a total of 1,218 days.
- There were 59 total responses.
- There were 118 total surveys mailed
- The average time to complete the assessment was 12 minutes and 27 seconds.
- The assessment was posted to ETHRA's social media accounts and ETHRA website.
- The mailed assessments were in an effort to reach those in our communities who may not have had internet, email, or social media accounts.
- In another effort to reach members of our communities, clients who came into our offices were given a card containing a QR code taking them directly to the site to complete the Community Needs Assessment.
- The location areas surveyed were the following counties: Anderson, Blount, Campbell, Claiborne, Cocke, Grainger, Hamblen, Jefferson, Knox, Loudon, Monroe, Morgan, Roane, Scott, Sevier, and Union counties.

Community Needs Assessment 2026

Causes and Conditions of Poverty

U.S. Census & American Community Survey (ACS) Data

According to ACS and U.S. Census data, 29.48% of households in the service area live below 185% of the FPL, which is higher than the national average of 25.70%. There are 17.69% with income at or below 125% of the FPL, and there are 13.31% at or below 100% of the FPL. These indicators are relevant because poverty creates barriers to accessing health services, healthy foods, stable housing, and other essential resources that support overall well-being.

From 2020 to 2024, there were 44,507 households with income levels below the poverty level that were not receiving SNAP benefits.

Unemployment has been a near-constant cause/condition of poverty. There are 18,781 individuals unemployed, with an unemployment rate of 3.0%. According to the DOL, unemployment for one year fell from 3.3% to 3.0%

Education may also play a role in unemployment, as 32.58% stopped their formal education after high school, lessening their chances of securing employment at a living wage or higher. Individuals with no high school diploma are 10.23% severely limiting their ability of gaining employment. Adult literacy is also a factor, as 20.3% are estimated to struggle with basic vocabulary or to be functionally illiterate.

Housing costs in our service areas are 50% more of total household income, which means these households are spending more than 50% of their household income on housing costs. This includes housing expenses for owners and renters. Of the 524,243 total households in the report area, 52,231 of these households are severely cost-burdened. Cost-burdened rental households represented 29,950 of all of the rental households in

the report area. There are 51,231 severely cost-burdened households that spend more than 50% of their household income on housing costs.

Substandard Housing is described as having at least one of the following conditions: 1) lacking complete plumbing facilities, 2) lacking complete kitchen facilities, 3) with 1 or more occupants per room, 4) monthly owner costs as a percentage of household income greater than 30%, and 5) gross rent as a percentage of household income greater than 30%. Of the 524,243 occupied housing units in the report area, 128,549 (24.52%) have one or more substandard conditions.

Adults aged 18 to 64 without health insurance coverage are 100,737, or 12.88%; lack of insurance is a primary barrier to healthcare access, including primary care, routine care, specialty care, and other health services that contribute to poor health status in our report area.

The report gave the percentage of the total civilian non-institutionalized population with any disability. There is a total population of 1,280,972 for whom disability status has been determined, of whom 206,920, or 16.15%, have any disability. For our report location, the total percentage of 16.15% is higher than the total for our state and for the United States.

Mental health and substance use conditions show 44,302, or 38% of adults with poor mental health or substance use. Of this number, 3,479, or 53.8%, account for five-year total deaths in our region. Poor mental health and substance abuse cause barriers to employment and education.

Community Needs Assessment 2026

Top Needs

Top Community Needs

- Lack of affordable housing = 74.6%
- Lack of employment opportunities earning a living wage = 66.1%
- Drug abuse = 66.1%
- Public Transportation = 57.6%
- Lack of knowledge of available resources= 52.5%

Top Household Needs

- Affordable housing = 27.1%
- Affordable healthcare = 37.3%
- Employment opportunities = 18.6%
- Dental or vision assistance = 47.5%
- Rent or utilities assistance = 49.2%

Community Needs Assessment 2026

Identified Needs by Level

1. **Need:** Rent or Utilities Assistance (49.2%)
Identified Need: Housing
Family level: Individuals do not have enough money to pay their rent or utility bills.
Agency level: CSBG at MVEOA dba ETHRA can assist with housing and utilities needs such as current and past-due rent, rent deposits, electric, gas, and water deposits, and utility bills. CSBG can also assist with intake for ETHRA's LIHEAP program to further assist with utilities. Referrals to HUD are also provided. Area Resources are also provided to further assist individuals.

2. **Need:** Lack of affordable housing (74.6%)

Identified Need: There is a lack of affordable housing in our community.
Family level: Individuals can't afford to live in available housing.
Agency level: Our agency does not have the resources to provide affordable housing but can assist individuals with HUD- based rent through the agency's Housing Department, and the CSBG Department can assist through the Housing domain to pay for rent, both current and past due, as well as deposits to secure safe and affordable housing.

3. **Need:** Drug abuse (66.1%)
Identified Need: Drug abuse
Community Level: There is a lack of drug abuse services in the community.
Family Level: Individuals need drug abuse counseling and treatment.
Agency Level: Our agency does not have experienced staff to work with the increase in demand related to drug abuse issues.

4. **Need:** Help with dental or vision costs (47.5%)
Identified Need: Health
Community level: There is a lack of affordable dental or vision care in the community
Family level: Individuals do not have enough money to pay out-of-pocket dental or vision costs on their own.
Agency level: ETHRA can assist eligible individuals through the CSBG Health domain with out-of-pocket costs for dental or vision. Area resources can also be provided to further help individuals.

5. **Need:** Affordable healthcare (37.3%)
Identified Need: Health
Community level: There is a lack of affordable health care in the community.
Family Level: Individuals do not have access to affordable healthcare.
Agency level: Our agency does not have the resources to be able to provide affordable healthcare to individuals. Referral to tn.gov for the insurance marketplace and DHS to check on affordable health insurance.

Community Needs Assessment 2026

<u>These are hardships people see as problems or needs in their communities and their households; direct comments recorded in the needs assessment.</u>

- "Transportation needed for non-medical reasons
- "There's NO transportation for church Sunday services. None for appointments on weekends; hair, going to the movies, being released from hospital stays, grocery shopping, going to a funeral or wedding, or going out to dinner."
- "Families need help obtaining clothes and school supplies for their families. It would be nice if there were vouchers at the start of school to buy clothes and supplies for the children in our community. Sometimes a little help goes a long way. I have served in our community for 25 years in the education field. I have seen up close how we are still trying to get help with these resources."
- "With prices on groceries ever rising, there is not much left for anything extra. There is a strong need in Scott County, TN. Thank you for listening. God bless.:
- "Lack of hope. Lack of encouragement."
- " Lack of skills for jobs."
- "No dependable support emotionally and financially."
- "Lack of stable and consistent housing and shelter."
- "Lack of food – food deserts within the community."
- "Failing K-12 system."
- "Lack of industrial/ commercial planning."
- "Lack of economic development."
- "Need for animal shelters and services concerning preventative vaccines and spay and neuter."
- "Scott County, TN, has severely limited resources for the homeless. Males have to be transported to another county unless in a drug rehab program. "
- "Affordable drugs for uninsured patients."
- "Referral sources for medical specialties for uninsured and underinsured patients."
- "Assisted child care"
- "Lack of adult education/GED resources"
- "Childcare is a significant need"
- "Inflation and lack of resources for utility assistance are causing an increase in housing instability."
- Access to the internet and cell phone service in areas not covered."
- Drug abuse"
- "Need help finding programs to assess patients coming out of rehab"
- "Long-term lease housing (too many Airbnb conversions)."
- "I've seen an increase in domestic violence. I believe this county needs an advocate"
- "Lack of community center"

- "Availability and ease of obtaining affordable internet. Lack of communication with the community"
- "There aren't any sober living facilities for anyone male, female, or otherwise"
- "No programs for child care so that people can work"
- "No incentive to go to work"
- "No incentives to get off drugs, to sell drugs, and do the right thing. No programs for that"
- "No legal aid"
- "There are some kids with their families that I would believe to have safer places to leave their kids"
- "No mental co-op of intake here in LaFollette, Knoxville, Maryville, etc. The ONLY ones I know of are in Nashville, Tennessee. It's seriously sad that 95% of Tennessee DON'T GIVE A DARN ABOUT FOLKS WITH MENTAL, EMOTIONAL PROBLEMS."
- "Not enough jobs. Our community has been struggling for some time. Many years without jobs. Two of our biggest factories closed. Armstrong, for one, was a wood flooring company. It had two factories open at one time. Now empty buildings. We also have a denim factory that shut down. There is not enough work here, and many have to leave just to seek employment."
- "Lack of skilled labor force is directly related to getting industry to move to Campbell County. On-the-job training availability for the worker seeking a job and willing to train."
- "Reliable child care services"
- "Reliable transportation"
- "Lack of GED classes available"
- "Attendance consistency; employers with second-chance programs for workers needed"
- "No local rehabs for addiction"
- "Simultaneous opioid and COVID pandemics, combined with the previous destruction of the tobacco and coal industries, created physical and mental health deficits for three generations that have not recovered. Working-age males exited the workforce following every stimulus package since the Great Recession and COVID. The illegal drug trade is where many of them go to get money. It is high risk legally and personally, and it is the reason our justice system is overwhelmed. Few, if any, use that money to care for their offspring, leaving a generation of children and unwed mothers living on public assistance. This scenario prohibits the child from ever seeing an adult in the home get up in the morning, go to work, bring home a paycheck, and use that paycheck to buy groceries. Without that experience, the child is left to believe that the government check is how people in our society are fed, clothed, and housed, and a vision of learning, growing, and prospering is never introduced. Rural local legislative bodies have little effect with meager opioid settlement funds over the next 15 years. Rural local legislative bodies are not very fruitful in rural economic development, and jobs are centered in urban clusters, leaving transportation the most frequent barrier to employment and education. Broadband is growing alongside rural tourism, so rural communities can expand work-from-home opportunities and rural entrepreneurship with the right planning and encouragement."
- "There are no educational resources in the area; GED and computer courses"

- "Dental and vision care for uninsured individuals, low- to no-income individuals is extremely limited"
- "People don't know where to find resources in and out of communities"
- There appears to be a large population of low-income residents and areas where food deserts exist"
- "Smoky Mountain Area Rescue Ministries is the main source for rent or utility assistance. Some churches offer help, but the bulk of the responsibility falls to SMARM."
- "Finding a dentist with an opening for children on TennCare is difficult. It is very hard to find a dentist who is willing to help a teen. They typically need a tooth pulled, and it is nearly impossible to find help."
- "Lack of funding resources"
- "Child care services are very limited"
- "There are waiting lists for home repair"
- "Very, very little dental and vision care"
- "Child care subsidies are not achievable for young working couples, too expensive, and the income level is too low for most to receive help"
- "Lack of community enrichment such as a community center or YMCA"
- "Affordable hearing aids. Good quality and other assistance devices for the hard of hearing"
- "No community social activities for adults, especially for those that are waiting to join their spouses in Heaven! There's a lot of lonely folks where I live. It's really sad. No swimming pool, not a café here."
- "Diapers"
- "Our home, which was built in the 1940s, requires extensive electrical rewiring and plumbing repairs. We had a professional home inspection when we purchased the house, but these problems were not identified at that time. The necessary repairs are a significant and unexpected expense that our household cannot afford with our current income"
- "Cost of living seems to rise, while our pay does not"
- "Financial planning for retirement"
- "So many of our struggling families depend on jobs such as DoorDash. They are constantly having car trouble, and there is no financial assistance to help. Without a working vehicle, they can't get to work or places like the food ministry."
- "childcare"
- "Hearing aids are very expensive"
- "Nowhere to go and socialize"
- "Diapers are so costly, and low-income families need help"
- "I am a long-term dialysis patient, which limits my ability to work to only a few hours per week. My husband works full-time and provides the majority of our household income, but his income is not sufficient to cover our regular household expenses along with the substantial cost of the necessary electrical and plumbing repairs. Because these problems were not identified during our home inspection, we were unable to anticipate or

financially prepare for these expenses. The wiring is dangerous, and as I dialyze at home, it's even more imperative."

- ♣ "No public transportation and after-school programs."
- ♣ "Living paycheck to paycheck"
- ♣ "Inflation, gap in middle-income earners in Anderson County. Low housing availability causes people working in Anderson County to live in Knox County, decreasing funds to NGO's, City taxes, churches, and service organizations."
- ♣ "Legal Aid for undocumented persons. While Sevier United tries hard to educate the Hispanic community on how to prepare in the event they are taken into custody, it is nearly impossible to find legal aid for these individuals. From an educator's perspective, the children are the ones who suffer from the situation."

Total Population by Race Alone or in Combination with One or More Other Races, Total

This indicator reports the total population of the selected area by race alone or in combination with one or more other races, without considering respondents' ethnicity. For example, the count for *White* represents the number of people who identify as *White alone or in combination with any other race(s)*. Similarly, the count for *Black* includes individuals who identify as *Black alone or Black in combination with other race(s)*.

Total Population by Combined Race and Hispanic Ethnicity

This indicator reports the percentage of the total population in the report area by combined race and Hispanic ethnicity.
The percentage values could be interpreted as, for example, *"Of all the population in the report area, the percentage of population who are non-Hispanic white is (value)."*
Note: Some of the combined race/ethnicity groups use acronyms for their names in the following table and chart. The full forms are as followed:

- *Non-Hispanic NAAN = Non-Hispanic Native American or Alaska Native*
- *Non-Hispanic NPI = Non-Hispanic Native Hawaiian or Pacific Islander*
- *Non-Hispanic Other = Non-Hispanic Some Other Race*

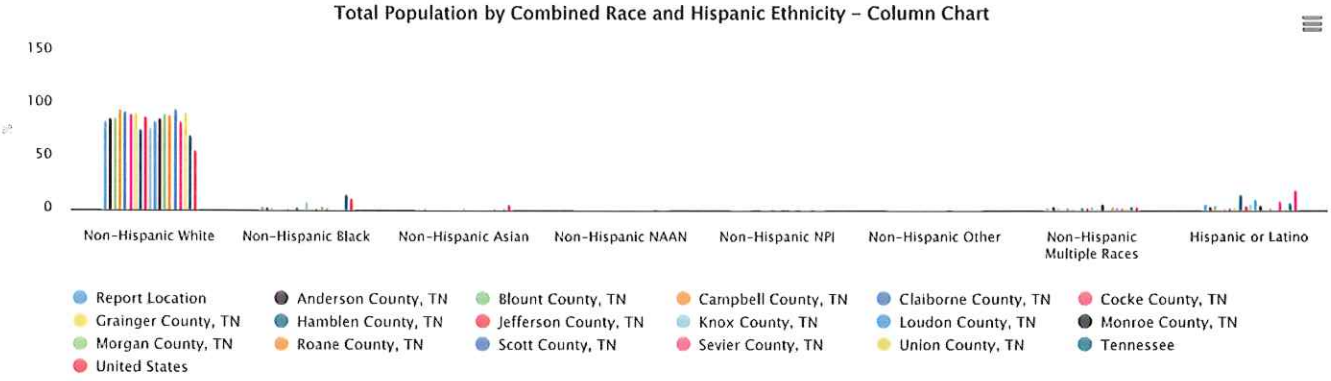

Report Area	Non-Hispanic White	Non-Hispanic Black	Non-Hispanic Asian	Non-Hispanic NAAN	Non-Hispanic NPI	Non-Hispanic Other	Non-Hispanic Multiple Races	Hispanic or Latino

Population with Any Disability

This indicator reports the percentage of the total civilian non-institutionalized population with any disability. The report area has a total population of 1,280,972 for whom disability status has been determined, of which 206,920 or 16.15% have any disability. This indicator is relevant because disabled individuals may require targeted services and outreach by providers.

Population with Any Disability by Disability Status

This indicator reports the percentage of the total civilian non-institutionalized population with a disability by disability status. Note that ACS measures disability status within different age groups: hearing and vision difficulty for all the people; cognitive, ambulatory, and self-care for people 5 years and older; and independent living for people 15 years and older (reported for people 18 years and older in ACS2020-24 data).

Percentage values can be interpreted as follows: Within the report area, individuals with hearing difficulty are 4.76% of the total population; individuals with vision difficulty are 3.03% of the total population; individuals with cognitive difficulty are 6.64% of the total population age 5+; individuals with ambulatory difficulty are 8.68% of the total population age 5+; individuals with self-care difficulty are 2.95% of the total population age 5+; and individuals with independent living difficulty are 7.42% of the total population age 18+.

Report Area	Hearing	Vision	Cognitive	Ambulatory	Self-care	Independent Living

Urban and Rural Population

This indicator reports the percentage of population living in urban and rural areas as of 2020. Urban areas are identified using population density, count, and size thresholds. Urban areas also include territory with a high degree of impervious surface (development). Rural areas are all areas that are not urban. Of the report areas 1,257,004 population, 795,597 or 63.29% of the population is classified urban while 461,407 or 36.71% is rural.

Report Area	Total Population	Urban Population	Rural Population	Urban Population, Percent	Rural Population, Percent

Families with Children

According to the most recent American Community Survey estimates, 27.31% of all occupied households in the report area are family households with one or more child(ren) under the age of 18. As defined by the US Census Bureau, a family household is any housing unit in which the householder is living with one or more individuals related to him or her by birth, marriage, or adoption. A non-family household is any household occupied by the householder alone, or by the householder and one or more unrelated individuals.

Population Under Age 18

Of the estimated 1,293,513 total population in the report area, an estimated 266,475 persons are under the age of 18, representing 20.60% of the population. These data are based on the latest U.S. Census Bureau American Community Survey 5-year estimates. The number of persons under age 18 is relevant because this population has unique needs which should be considered separately from other age groups.

Population Age 65+

Of the estimated 1,293,513 total population in the report area, an estimated 249,101 persons are adults aged 65 and older, representing 19.26% of the population. These data are based on the latest U.S. Census Bureau American Community Survey 5-year estimates. The number of older adults in the report area is relevant because this population has unique needs which should be considered separately from other age groups.

Jobs and Earnings by Sector

The number of jobs and total wage and salary earnings from employment in the report area are broken down by economic sector in this indicator output. These figures include both private and government employment. The sectors listed represent private employment except for the last table which includes all the earnings from jobs with local, state and federal government. A negative number means that overall business in that sector lost money for the year in the report area.

Farm; Nonfarm; Private Nonfarm

Income - Median Household Income

This indicator reports median household income based on the latest 5-year American Community Survey estimates. This includes the income of the householder and all other individuals 15 years old and over in the household, whether they are related to the householder or not. Because many households consist of only one person, median household income is usually less than median family income. There are 524,243 households in the report area, with an average income of $92,602 and a median income of $68,202.

Report Area	Total Households	Average Household Income	Median Household Income
Report Location	524,243	$92,602	$68,202
Anderson County, TN	32,755	$88,830	$66,183

Income - Public Assistance Income

This indicator reports the percentage of households receiving public assistance income in the report area. Public assistance income includes general assistance and Temporary Assistance for Needy Families (TANF) but exclude separate vendor payments made directly to hospitals or other medical providers. It also does not include Supplemental Security Income (SSI) or noncash benefits such as food assistance (SNAP). In this report area, total households are represented by 524,243, households receiving public assistance income are represented by 12,366, and the percentage of households receiving public assistance income is represented by 2.36%.

Report Area	Total Households	Households with Public Assistance Income	Percent Households with Public Assistance Income

Poverty - Population Below 125% FPL

In the report area 17.69% or 223,885 individuals are living in households with income below 125% of the Federal Poverty Level (FPL). This indicator is relevant because poverty creates barriers to access including health services, healthy food, and other necessities that contribute to poor health status.

Note: The total population measurements for poverty reports are lower than population totals for some other indicators, as poverty data collection does not include people in group quarters. See "Show more details" for more information.

Poverty - Population Below 100% FPL

Poverty is considered a *key driver* of health status.

Within the report area 13.31% or 168,418 individuals for whom poverty status was determined live in households with income below the Federal Poverty Level (FPL). This indicator is relevant because poverty creates barriers to accessing health services, healthy foods, stable housing, and other essential resources that support overall well-being. Reducing poverty can improve health outcomes and increase opportunities for long-term financial stability and economic prosperity.

Note: The total population measurements for poverty reports are lower than population totals for some other indicators, as poverty data collection does not include people in group quarters. See "Show more details" for more information.

Families in Poverty by Family Type

Report Location

Family Poverty Rate by Family Type

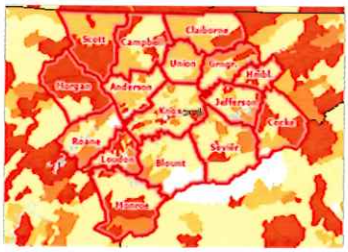

The percentage of households in poverty by household type are shown for the report area. It is estimated that 9.1% of all households were living in poverty within the report area, compared to the national average of 8.8%. Of the households in poverty, female headed households represented 48.5% of all households in poverty, compared to 41.4% and 10.1% of households headed by males and married couples, respectively.

Poverty - Children Below 100% FPL

In the report area 17.02% or 44,214 children aged 0-17 are living in households with income below the Federal Poverty Level (FPL). This indicator is relevant because poverty creates barriers to access including health services, healthy food, and other necessities that contribute to poor health status.

Note: The total population measurements for poverty reports are lower than population totals for some other indicators, as poverty data collection does not include people in group quarters. See "Show more details" for more information.

Low Income and Low Food Access

This indicator reports the percentage of the low income population with low food access. Low food access is defined as living more than 1 mile (urban) or 10 miles (rural) from the nearest supermarket, supercenter, or large grocery store. Data are from the April 2021 Food Access Research Atlas dataset. This indicator is relevant because it highlights populations and geographies facing food insecurity.

24.18% of the low-income population in the report area have low food access. The total low-income population in the report area with low food access is 102,837.

Education

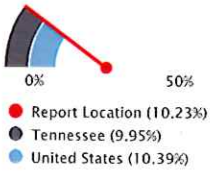

Attainment - Overview

Educational Attainment shows the distribution of the highest level of education achieved in the report area, and helps schools and businesses to understand the needs of adults, whether it be workforce training or the ability to develop science, technology, engineering, and mathematics opportunities. Educational attainment is calculated for persons over 25 years old and is an estimated average for the period from 2020 to 2024.

For the selected area, 17.53% of adults has earned at least a bachelor's degree, 32.58% has a high school diploma as their highest level of education, while the remaining population either did not complete high school or pursued some college or an associate's degree.

Access - Head Start

Head Start is a program designed to help children from birth to age five who come from families at or below poverty level. The program's goal is to help children become ready for kindergarten while also providing the needed requirements to thrive, including health care and food support.
This indicator reports the number and rate of Head Start program facilities per 10,000 children under age 5. Head Start facility data is acquired from the US Department of Health and Human Services (HHS) 2024 Head Start locator. Population data is from the 2020 US Decennial Census. The report area has a total of 99 Head Start programs with a rate of 15.08 per 10,000 children under 5 years old.

Adult Literacy

Literacy data published by the Program for the International Assessment of Adult Compentencies (PIACC) breaks adult literacy into three different "Levels". Those reported as Level 1 are at risk for being able to understand printed material. Those at the upper end of Level 1 can read and understand the text well enough to be able to perform small task, but might have difficultly understanding or drawing inferences from multiple forms of text. Those at the lower end may struggle with basic vocabulary or even be functionally illiterate.

The percentage at or below Level 1 for literacy in the report area is estimated at 20.3%, with a 95% probability that the actual (true, unknown) percentage is between 16.7% and 24%.

Adult Literacy Level 2

Those reported at Level 2 still struggle to perform text based informational tasks, but are considered to be nearing reading proficiency. People in this literacy level can usually be able to read printed words and digital print, as well as being able to relate and make inferences from multiple pieces of information that can be pulled from more than one document. Complex evaluation and inferencing may still be too difficult.

The percentage at or below Level 2 for literacy in the report area is estimated at 38.7%, with a 95% probability that the actual (true, unknown) percentage is between 33.6% and 44.1%.

Adult Literacy Level 3

Those reported at Level 3 still are proficient in reading. This includes being able to understand and work with multiple complex texts, while still being able to evaluate the reliability of sources. People in this level can infer complex ideas and sophisticated meanings from written documents and texts.

The percentage at or below Level 3 for literacy in the report area is estimated at 41%, with a 95% probability that the actual (true, unknown) percentage is between 35.9% and 45.8%.

Housing

Households - Overview

This indicator reports the total number and percentage of households by composition (married couple family, nonfamily, etc.). According to the American Community Survey subject definitions, a family household is any housing unit in which the householder is living with one or more individuals related to him or her by birth, marriage, or adoption. A non-family household is any household occupied by the householder alone, or by the householder and one or more unrelated individuals.

Report Area	Total Households	Family Households	Family Households, Percent	Non-Family Households	Non-Family Households, Percent

Housing Costs - Cost Burden, Severe (50%)

This indicator reports the percentage of the households where housing costs are 50% or more total household income. This indicator provides information on the cost of monthly housing expenses for owners and renters. The information offers a measure of housing affordability and excessive shelter costs. The data also serve to aid in the development of housing programs to meet the needs of people at different economic levels.

Severely Cost-Burdened Households by Tenure, Total

This data shows the number of households that spend more than 50% of the household income on housing costs. In the report area, there were 52,231 severely cost burdened households according to the U.S. Census Bureau American Community Survey (ACS) 2020-2024 5-year estimates. The data for this indicator is only reported for households where household housing costs and income earned was identified in the American Community Survey.

Severely Cost-Burdened Households by Tenure, Percent of Severely Burdened Households

This data shows the percentage of severely cost burdened households that each tenure type represented. Rental households that spent more than 50% of the household income on rental costs represented 57.34% of all of the severely cost burdened households in the report area, according to the U.S. Census Bureau American Community Survey (ACS) 2020-2024 5-year estimates. The data for this indicator is only reported for households where tenure, household housing costs, and income earned was identified in the American Community Survey.

Severely Cost-Burdened Households by Tenure, Percentage of Tenure

This data shows the percentage of each tenure type that represented severely cost burdened households. Severely cost burdened rental households (those that spent more than 50% of the household income on rental costs) represented 19.61% of all of the rental households in the report area, according to the U.S. Census Bureau American Community Survey (ACS) 2020-2024 5-year estimates. The data for this indicator is only reported for households where tenure, household housing costs, and income earned was identified in the American Community Survey.

Household Structure - Older Adults Living Alone

This indicator reports the percentage of households occupied by a single older adult (age 65+). This indicator is important because older adults who live alone are vulnerable populations who may have challenges accessing basic needs, including health needs.

Report Area	Total Occupied Households	Total Households with Seniors (Age 65+)	Households with Seniors Living Alone	Percentage of Total Households	Percentage of Senior Households

Housing Quality - Substandard Housing

This indicator reports the number and percentage of owner- and renter-occupied housing units having at least one of the following conditions: 1) lacking complete plumbing facilities, 2) lacking complete kitchen facilities, 3) with 1 or more occupants per room, 4) selected monthly owner costs as a percentage of household income greater than 30%, and 5) gross rent as a percentage of household income greater than 30%. Selected conditions provide information in assessing the quality of the housing inventory and its occupants. This data is used to easily identify homes where the quality of living and housing can be considered substandard. Of the 524,243 total occupied housing units in the report area, 128,549 or 24.52% have one or more substandard conditions.

Substandard Housing: Households Lacking Complete Plumbing Facilities

Complete plumbing facilities include: (a) hot and cold running water, (b) a flush toilet, and (c) a bathtub or shower. All three facilities must be located inside the house, apartment, or mobile home, but not necessarily in the same room. Housing units are classified as lacking complete plumbing facilities when any of the three facilities is not present.

Substandard Housing: Households Lacking Complete Kitchen Facilities

A unit has complete kitchen facilities when it has all three of the following facilities: (a) a sink with a faucet, (b) a stove or range, and (c) a refrigerator. All kitchen facilities must be located in the house, apartment, or mobile home, but they need not be in the same room. A housing unit having only a microwave or portable heating equipment such as a hot plate or camping stove should not be considered as having complete kitchen facilities. An icebox is not considered to be a refrigerator.

Substandard Housing: Households Lacking Telephone Service

A telephone must be in working order and service available in the house, apartment, or mobile home that allows the respondent to both make and receive calls. Households that have cell-phones (no land-line) are counted as having telephone service available. Households whose service has been discontinued for nonpayment or other reasons are not counted as having telephone service available.

Evictions

This indicator reports information about formal evictions based on court records from 48 states and the District of Columbia, compiled by the Eviction Lab. The number of eviction filings within the report area is shown in below. The "filing rate" is the ratio of the number of evictions filed in an area over the number of renter-occupied homes in that area. For the year 2018, the Eviction Lab reports that, of 166,632 rental homes in the report area, there were 4,998 eviction filings, for an eviction filing rate of 3.0.

Note:

1. Not all counties have data that has been provided. Indicator data do not include information about "informal evictions", or those that happen outside of the courtroom.

2. Eviction filing rate counts all eviction cases filed in an area, including multiple cases filed against the same address in the same year.

Report Area	Renter Occupied Households	Estimated Eviction Filings	Estimated Eviction Filing Rate

Homeless Children & Youth

This indicator reports the number of children and youth experiencing homelessness enrolled in the public school system during the 2022-2023 school year. This data source reports the number of students experiencing homelessness, defined as individuals who lack a fixed, regular, and adequate nighttime residence. This includes those who are sharing the housing of others, living in motels, hotels, or camping grounds, staying in emergency transitional shelters, or are unsheltered. Data are aggregated to the report-area level based on school-district summaries where three or more children experiencing homelessness are counted.

In the report area, of the 173,422 students enrolled in reported districts during the 2022-23 school year, there were 3,293 or 1.90% students experiencing homelessness, which is lower than the statewide rate of 2.35%.
Note: Data are available for 100.00% school districts in the report area, representing 100.00% of the public school student population.

Students Experiencing Homelessness by Primary Nighttime Residence

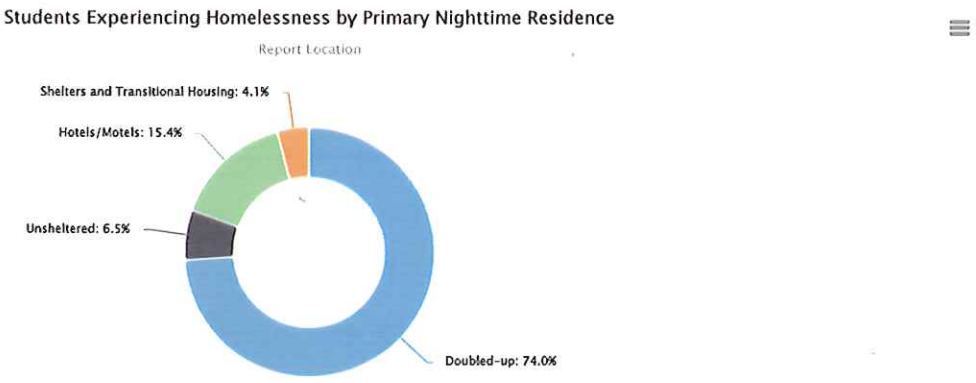

This table and chart below report the number of students experiencing homelessness by their primary nighttime residence. Data represent students who were enrolled in the public school system during the 2022-2023 school year. The data are aggregated at the report-area level based on school district summaries where three or more students were counted.

A brief description of each column is provided below:

- Doubled-up: Refers to doubled-up or shared housing due to loss of housing, economic hardship, or similar reasons.
- Unsheltered: Includes situations such as living in cars, parks, campgrounds, temporary trailers (including FEMA trailers), or abandoned buildings.
- Hotels/Motels: As indicated by the name, refers to stays in hotels or motels.
- Shelters and Transitional Housing: Refers to stays in shelters or transitional housing programs, as indicated.

Food Environment - Food Desert Census Tracts

This indicator reports the number of neighborhoods in the report area that are within food deserts. The USDA Food Access Research Atlas defines a food desert as any neighborhood that lacks healthy food sources due to income level, distance to supermarkets, or vehicle access. The report area has a population of 164,286 living in food deserts and a total of 41 census tracts classified as food deserts by the USDA.

Report Area	Total Population (2010)	Food Desert Census Tracts	Other Census Tracts	Food Desert Population	Other Population

Healthcare Access

Insurance - Uninsured Adults

The lack of health insurance is considered a *key driver* of health status.

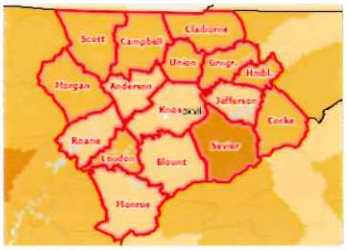

This indicator reports the percentage of adults aged 18 to 64 without health insurance coverage. This indicator is relevant because lack of insurance is a primary barrier to healthcare access including regular primary care, specialty care, and other health services that contribute to poor health status.

Report Area	Total Population Age 18-64	Pop. Age 18-64 w/o Insurance	Pop. Age 18-64 w/o Insurance, Percent

Uninsured Population Age 18 - 64 by Race and Hispanic Ethnicity, Percent

This indicator reports the percentage of uninsured population age 18-64 by race/ethnicity.

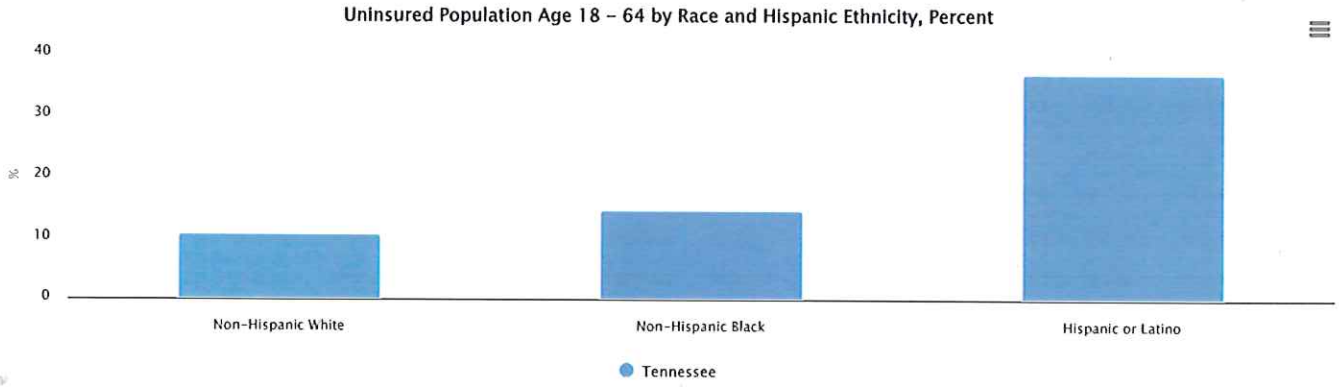

The percentage values could be interpreted as, for example, *"Of all the non-Hispanic white population age 18-64 in the report area, the proportion without medical insurance is (value)."*

Note: There is only SAHIE data available for state/national areas for this dataset.

Report Area	Non-Hispanic White	Non-Hispanic Black	Hispanic or Latino
Tennessee	10.50%	14.50%	36.80%

Note: No county data available. See data source and methodology for more details.

Insurance - Uninsured Children

The lack of health insurance is considered a *key driver* of health status.

This indicator reports the percentage of children under age 19 without health insurance coverage. This indicator is relevant because lack of insurance is a primary barrier to healthcare access including regular primary care, specialty care, and other health services that contributes to poor health status.

Report Area	Total Population Age 0-18	Pop. Age 0-18 w/o Insurance	Pop. Age 0-18 w/o Insurance, Percent

Uninsured Population Under Age 19, by Race and Hispanic Ethnicity, Percent

This indicator reports the percentage of uninsured population under age 19 by race/ethnicity.

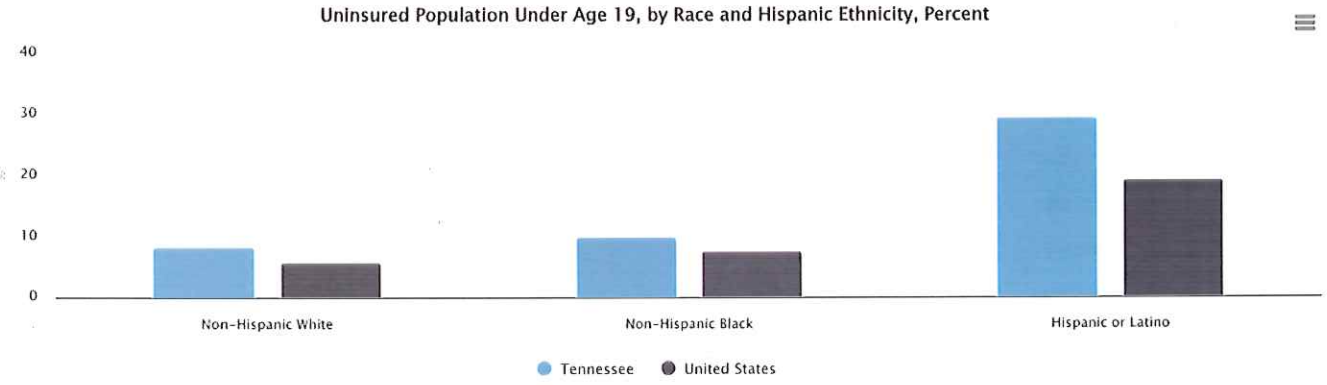

The percentage values could be interpreted as, for example, *"Of all the non-Hispanic white population under age 19 in the report area, the proportion without medical insurance is (value)."*

Note: There is only SAHIE data available for state/national areas for this dataset.

Report Area	Non-Hispanic White	Non-Hispanic Black	Hispanic or Latino
Tennessee	8.30%	10.00%	29.40%
United States	5.76%	7.52%	19.15%

Note: No county data available. See data source and methodology for more details.

Persons Receiving Medicare

The total number of persons receiving Medicare is shown, broken down by number over 65 and number of disabled persons receiving Medicare for the report area. The U.S. Department of Health and Human Services reported that a total of 307,083 persons were receiving Medicare benefits in the report area in 2023. A large number of individuals in our society are aware that persons over 65 years of age receive Medicare; however, many of them are unaware that disabled persons also receive Medicare benefits. A total of 41,117 disabled persons in the report area received Medicare benefits in 2024.

Health Outcomes

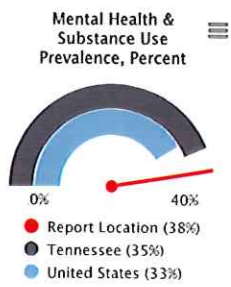

Poor Mental Health - Mental Health and Substance Use Conditions

This indicator reports the unsmoothed, age-adjusted rate of substance use disorder among the Medicare Fee-For-Service (FFS) population for the year 2023. Data were sourced from the CMS Mapping Medicare Disparities (MMD) tool.

Note:

- *Data are suppressed when the total population is less than 11.*
- *Rates are shown as zero when the count is less than 3.*

Mortality - Opioid Overdose

This indicator reports the 2020-2024 five-year average rate of death due to opioid drug overdose per 100,000 population. Figures are reported as crude rates. Rates are resummarized for report areas from county level data, only where data is available. This indicator is relevant because opioid drug overdose is the leading cause of injury deaths in the United States, and they have increased dramatically in recent years.

Within the report area, there are a total of 3,479 deaths due to opioid overdose. This represents a crude death rate of 53.8 per every 100,000 total population.
Note: Data are suppressed for counties with fewer than 10 deaths in the time frame.

Report Area	Total Population, 2020-2024 Average	Five Year Total Deaths, 2020-2024 Total	Crude Death Rate (Per 100,000 Population)
Report Location	1,292,516	3,479	53.8
Anderson County, TN	79,146	278	70.3
Blount County, TN	139,196	272	39.1
Campbell County, TN	39,892	103	51.6
Claiborne County, TN	32,489	46	28.3
Cocke County, TN	36,904	103	55.8
Grainger County, TN	24,272	35	28.8
Hamblen County, TN	65,735	138	42.0
Jefferson County, TN	56,943	83	29.1
Knox County, TN	492,855	1,636	66.4
Loudon County, TN	58,500	121	41.4
Monroe County, TN	47,873	97	40.5
Morgan County, TN	21,487	49	45.6
Roane County, TN	55,151	220	79.8
Scott County, TN	22,146	10	9.0
Sevier County, TN	99,430	239	48.1
Union County, TN	20,497	49	47.8
Tennessee	7,053,526	13,400	38.0
United States	333,938,262	369,551	22.1

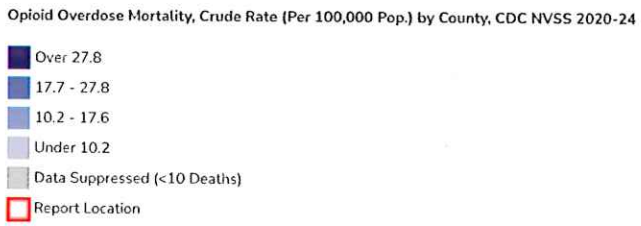

Note: This indicator is compared to the state average.
